

DANIEL HANSON

DVM

24/7 Emergency Care

Dr. Daniel Hanson grew up just outside of Austin in Dripping Springs, Texas. Dr. Hanson went to college at Texas A&M University in College Station, where he obtained his Bachelor's degree in Animal Science. He continued at Texas A&M University for Veterinary School, and after graduation, completed a one year rotating internship through Aspen Meadow Veterinary Specialists. Following this internship, he joined the team as an emergency veterinarian.

Outside of work Dr. Hanson enjoys all that Colorado has to offer to a Texas native - hiking, snowboarding, and shoveling the drive way, along with spending time with his wife and two dogs.
